### Details

More videos in this playlist include:

- How does it work
- Overview of tabs
- JavaScript Actions
- appshed net reference site
- where the code goes
- Use AppShed Basics course if needed
- Uploading images
- Create the app
- Add block Get users name
- Adding a welcome message step 1
- Adding a welcome message step 2
- Adding a welcome message step 3
- Adding a welcome message step 4
- Create random number step 1
- Create random number step 2
- Create random number step 3
- Create random number step 4
- Create random number step 5
- Create random number step 6
- Calculate answer step 1
- Calculate answer step 2

# Maths Quiz App

- Calculate answer step 3
- Check users guess step 1
- Check users guess step 2
- Check users guess step 3
- Check users guess step 4
- Update the score step 1
- Update the score step 2
- Update the score step 3
- Update the score step 4
- Update the score step 5
- Count number of questions answered step 1
- Count number of questions answered step 2
- Count number of questions answered step 3
- Check if complete step 1
- Check if complete step 2
- Reset variables step 1
- Reset variables step 2
- Reset variables step 3
- Build quiz screens step 1
- Build quiz screens step 2
- Build quiz screens step 3
- Build quiz screens step 4
- Build quiz screens step 5
- Build quiz screens step 6
- Build quiz screens step 7
- Start quiz JavaScript step 1
- Start quiz JavaScript step 2
- Start quiz JavaScript step 3
- Start quiz JavaScript step 4
- Start quiz JavaScript step 5
- Start quiz JavaScript step 6
- Start quiz JavaScript step 7
- Continue Button JavaScript step 1
- Continue Button JavaScript step 2
- Continue Button JavaScript step 3
- Continue Button JavaScript step 4
- Continue Button JavaScript step 5
- Continue Button JavaScript step 6
- Continue Button JavaScript step 7
- Continue Button JavaScript step 8
- Continue Button JavaScript step 9
- Continue Button JavaScript step 10
- Continue Button JavaScript step 11
